## ABOUT ME

Hi, I'm **Samarth Bhatt**, a B.Tech Computer Science & Blockchain student at CGC Mohali with a genuine passion for working with data. I enjoy cleaning messy datasets, uncovering meaningful patterns, and turning complex information into clear, actionable insights using Python and Excel. I'm a fast learner, detail-oriented, and always excited to take on new challenges that help me grow.

## SKILLS

---

### TECHNICAL

**Languages:** Python, Java, JS, HTML, CSS  
**Data:** Pandas, NumPy, Matplotlib, Seaborn  
**BI & Excel:** Power BI, Pivot Tables, Dashboards  
**Tools:** Git, GitHub, VS Code, Colab, Jupyter  
**Fundamentals:** DSA, OOP

### SOFT SKILLS

- Strong communicator — technical to non-technical
- Collaborative team player
- Analytical & structured problem-solver
- Adaptable & self-driven learner
- Detail-oriented in code, data & design

## PROJECTS

---

### Mental Health in Tech — EDA & Excel Dashboard

- Cleaned 1,200+ record survey data with Pandas; built Matplotlib/Seaborn visualizations and an interactive Excel dashboard with Slicers.

### IPL Cricket Analysis & US Elections EDA

- Analyzed multi-season IPL data and US election datasets to surface trends using Python in Google Colab.

## INTERNSHIP & TRAINING

---

### *Data Science Trainee — Summer Training Program*

- Hands-on Python EDA, data cleaning, visualization, Excel dashboards, and Power BI on real-world datasets.

## EDUCATION

---

**B.Tech — Computer Science & Blockchain** — CGC University, Mohali

## CORE COMPETENCIES

---

Data Cleaning & EDA • Data Visualization • Dashboard Design • Problem Solving • Clean Code • Continuous Learning • Team Collaboration
